

Dear Valued Customer, if you have an integrated (business to business) connection with Takeda to your DSCSA solution provider or serialization backend system, you should have received the serialization data (also known as an EPCIS file) for your shipment.

If you are already onboarded and did not receive this, please reach out to Takeda Customer Care team: drug.supply.chain.security.act.us@takeda.com or (800) 423-2090.

If you do not have a business-to-business connection with Takeda, please log into the TraceLink Drop Ship Portal (<https://opus.tracelink.com>) to retrieve your EPCIS file.

If this is your first-time logging into the TraceLink Drop Ship Portal, you will need to:

1. Go to <https://opus.tracelink.com> and click on “Request access” highlighted below:

2. On the next screen, scroll down to this section and click on “this form”, highlighted below:

How do you get an account to log in?

Once you know which role your company plays in its collaboration, you can contact the right department to help onboard you to the TraceLink Network.

- **TraceLink Partners** (i.e. a company asked by a TraceLink Owner to use TraceLink): complete **this form** to start your onboarding process.

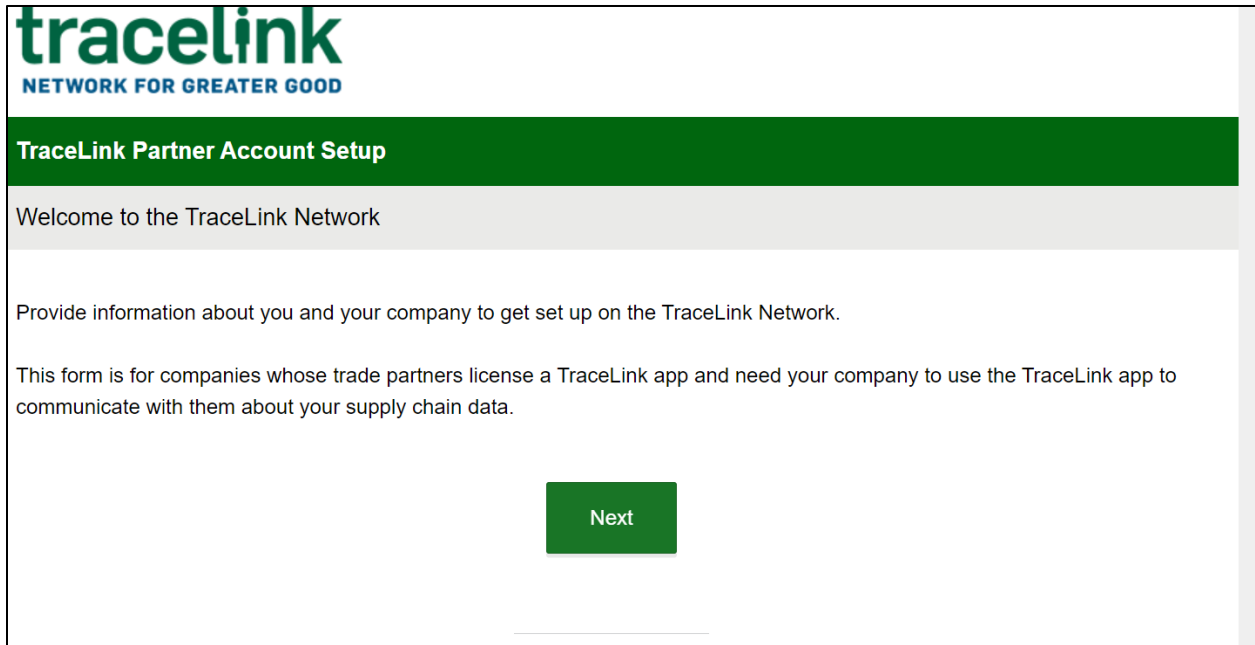

Within 5 business days, our dedicated Network Success team will connect with your company's TraceLink contact and grant them the power to manage users, networks, and more to onboard your entire company. If it's been more than 5 business days since you filled out the form, contact the Network Success team by emailing verification@tracelink.com.

If other people at your company already use TraceLink, contact the person at your company assigned the System Administrator role, who can get you set up as a user.

- **TraceLink Owners** (i.e. a company that licenses a TraceLink app): Contact the person at your company assigned the System Administrator role, who can get you set up as a user.

3. On the following screen, click Next:

tracelink
NETWORK FOR GREATER GOOD

TraceLink Partner Account Setup

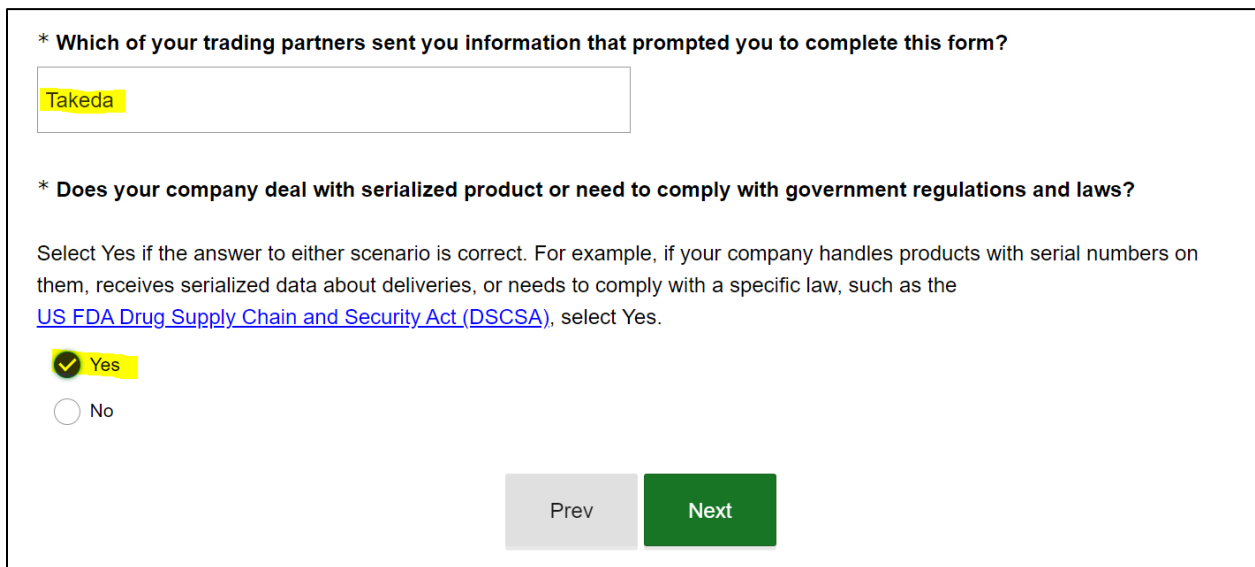

Welcome to the TraceLink Network

Provide information about you and your company to get set up on the TraceLink Network.

This form is for companies whose trade partners license a TraceLink app and need your company to use the TraceLink app to communicate with them about your supply chain data.

Next

4. Fill in the required fields on the form. Your answers to the last two questions should be:

* Which of your trading partners sent you information that prompted you to complete this form?

Takeda

* Does your company deal with serialized product or need to comply with government regulations and laws?

Select Yes if the answer to either scenario is correct. For example, if your company handles products with serial numbers on them, receives serialized data about deliveries, or needs to comply with a specific law, such as the [US FDA Drug Supply Chain and Security Act \(DSCSA\)](#), select Yes.

Yes

No

5. Click Next

6. Select yes or no when asked about a Global Location Number (GLN). Then click Next.

7. If you selected **Yes**, you will be asked to input your GLN. Click Next to complete the form. You will be contacted within 5 business days.

8. If you selected **No**, you will be asked to put in your license information:

The screenshot shows the 'TraceLink Partner Account Setup' page. At the top is the TraceLink logo with the tagline 'NETWORK FOR GREATER GOOD'. Below the logo is a green header bar with the text 'TraceLink Partner Account Setup'. The main content area contains two required fields: '* Select an identifier for your company.' with a dropdown menu, and '* Identifier value' with a text input field. At the bottom of the form are two buttons: a grey 'Prev' button and a green 'Next' button.

9. Click Next to complete the form. You will be contacted within 5 business days.

If you have already created an account, visit the TraceLink website (<https://opus.tracelink.com>) and enter the email address and password that you registered with:

Enter the user email ID registered with TraceLink Dropship Portal

This screenshot shows the login page with the TraceLink logo and tagline. The 'Email' field is highlighted in yellow and contains the text 'nagaraju.thakuri@takeda.com'. Below the email field is a green 'NEXT' button. At the bottom, there is a link that says 'Request access to the world's largest pharmaceutical supply chain network.'

Enter the Password then click on LOG IN Icon to Logon to the Dropship Portal

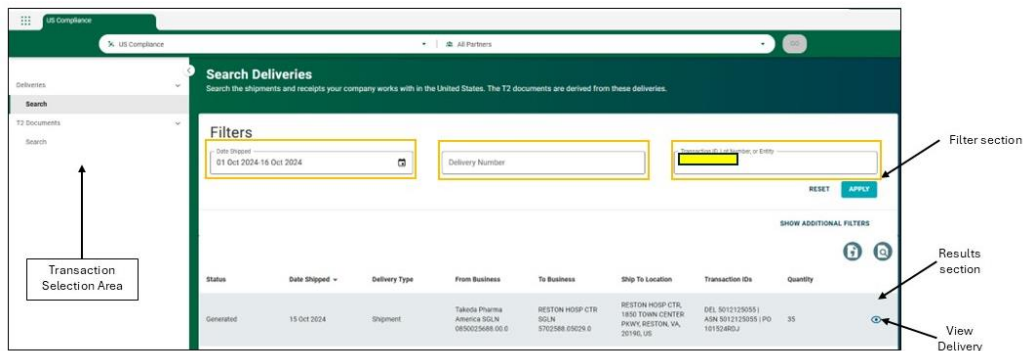

This screenshot shows the login page with the TraceLink logo and tagline. The 'Email' field contains 'nagaraju.thakuri@takeda.com'. The 'Password' field is highlighted in yellow and contains several dots. Below the password field is a blue link that says 'Forgot Password?'. Below both fields is a green 'LOG IN' button. At the bottom, there is a link that says 'Request access to the world's largest pharmaceutical supply chain network.'

How to Access Shipment Notices:

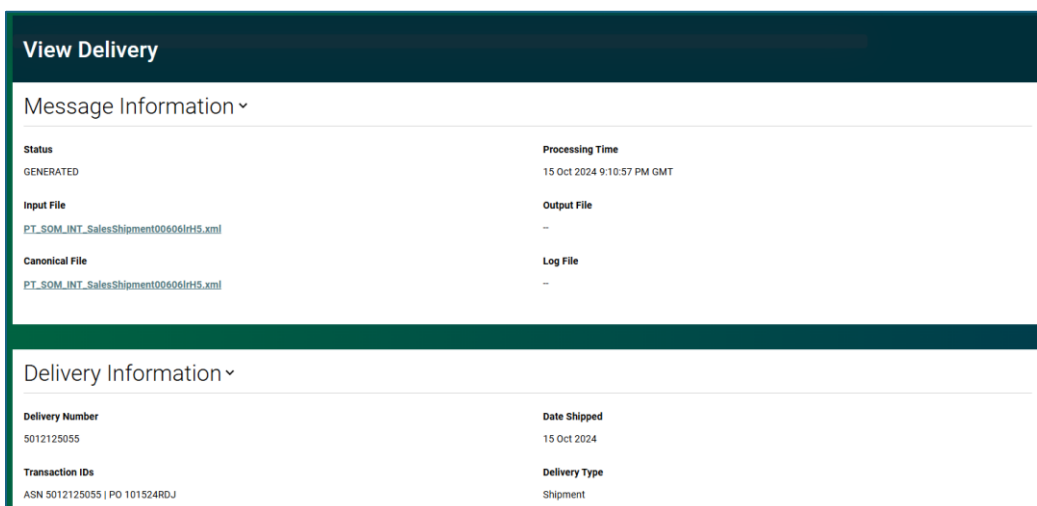

1. Once you are logged into TraceLink, refer to the 2 tabs at the top of the page that look like this:

2. In the **Network** tab, select: *US Compliance*
3. In the **Partner/Location** tab, select: *All Partners / Respective partner Name and then click on GO*
4. You will be taken to a screen that looks like this:

5. In the first box outlined in yellow above, enter: *Date Shipped or select the Date Range*
6. In the second box, enter the *Delivery Number*, which is the 10-digit number starting with a 5, found on your Takeda packing slip.
7. In the 3rd box, enter *Transaction IDs Like Lot Number, your PO # or etc.*
8. Apply filter then results will be displayed in results section.
9. Click on the View Delivery icon, this will take you to the *View Delivery information* screen.

10. Scroll down to view and verify the Shipment Notice Information from Takeda Pharma America to respective Dispenser. You can click the download icon to download the shipment EPCIS file.
